Dad, how do we even begin to live in a world without you in it. You made life so much fun. Thanks for being the best dad there ever could be. Love you forever and ever. Your baby girl, Chantelle

- Chantelle

Every time I think of Uncle Randy, I remember him sticking his tongue out at me, making silly faces to get me to laugh. That man was always happy. Sending my love to everyone.

Hello Karen- I'm Marcus Luke Denton, Randy's first cousin from Mesa Arizona (good friends with Mark and Ann Swenson Glover). It has been years since we've seen each other, and in fact since I've seen Randy. Just wanted to let you know that you and your family have been in our prayers these past few days. Denna (my wife) and I, and my sister Clare, all watched the funeral services, and were very moved and inspired by the speakers (especially your daughters). I can see that Randy touched the lives of so many people, especially his family. What a great legacy he has left you and the people he has associated with in and out of the church. I visited Terry last summer up in Utah, and he filled me in with the challenges Randy and you, his family, have been going through the past decade with his Alzeimers condition. It is evident that his and your testimony of the Savior has brought you through this difficult experience. I cherish my childhood memories of our Luke cousins, and the many great times our family got to spend with them...Uncle Henry, Aunt Joy, Grandma and Grandpa Luke, and of course David, Randy, Terry, Kevin and Stacie. Even though Randy was a little older than me, I remember him has a witty and dynamic kid with gifts and talents, nurtured in the good home in which he was brought up. I think I saw Randy and you only a few times as adults, but always enjoyed being in his company and associating with him. He was a good man. Please accept Denna's and my heartfelt sympathies at this tender time, and give our love to your wonderful daughters as well. We hope you have felt the Savior's peace during this trying time. Next time we are up in Utah, perhaps we can make contact.
