Kerry, Our hearts go out to you and your family. You spoke so highly of your father and the fond memories you shared for many years. We wish you comfort and strength at this time. With love, Greg and Diane Warnock Steve Dailey Stephanie Dailey

Chad was such a kind and friendly neighbor. He was always happy to take a moment to visit. We have missed his sweet smile at church since he moved but we are happy he is with his love Pat.

Thank you for your remembrances and testimonies at your dad's funeral. I wish I had been able to spend more time with him over the years. I realized there is so much more I would have liked to know about him. Thank you for sharing his last couple of weeks. It means a lot to me to know my dad was probably there. Love to you all.

My deep condolences to the family of my great friend Chad.
