There goes one great fellow. I could not believe he was that old. Time just whizzes by! Arnie was always so gracious and so much fun. His eyes just sparkled under those bushy eyebrows. I always wondered if they got in the way of his basketball shots! He made Ogden High so proud that we could have such a winner that attended our beloved high school. He didn't stop there but went on to the big time. I am sure that all of his friends including my sister, Sharon, are having a good old time going over their past memories. It was a privilege to know him and his wife and children.

Arnie and i worked together in the Park Building in the 1970s. We had a wonderful time working together on the second floor. He was a true red and white Runnin' Ute. He'll be missed and i will miss him. I went to the U of MN and was partial to the Minneapolis Lakers--not so much when they moved to LA--so we always had something in common. Prayers and God's blessings as you traverse these challenging and difficult days--but what memories you can enjoy!

I am so grateful to Arnie and for his tremendous influence in my life and the lives of so many others. He lived and displayed, by thought and action, his faith - a faith centered through charity toward and for others. Arnie was a wonderful and inspirational husband, father, friend, and mentor. I am so blessed to have known and been supported and befriended by Arnie over the span of many, many years.. Heartfelt condolences to all who grieve his passing, especially to his family. Kindest regards,

- Robert Gross

Nothing but great memories of Arnie's warmth and generosity many years ago as Mitzi and I came to meet the Ferrin family through our friendship with Bard, Mary Ann and the girls. Whether it was greetings at a Ute game or a long story at a family event, we will always appreciate Arnie and his love of family, friends and life's good fortune. Our sympathy to the family and the Utah Utes community.

I worked with Arnie in the U of U Athletic Department. He was always a kind and gracious man with a big smile and a wonderful laugh. His fame was never greater than his humanity.

My heart goes out to the entire family. I was one of the young ones being towed around the snowy streets of Ogden by Arnie and as part of a lifelong friendship with Bard, MaryAnn "zoom" and their children. Arnie would sometimes pick us up from school and make us wrestle our way into the car. So many amazing accomplishments the greatest of which is the wonderful family he raised. Love Always to all of you..

Tres and Sherry - We read of the passing of Tres father and we send our love. He was a wonderful man and certainly deserved all the accolades he received. We wanted to send a card but don't have your address or phone number. It is a comforting feeling knowing that someday you'll be reunited with him.

What an amazing life he led. I didn't realize all of his achievements. He always seemed very humble to me. When I moved in the ward he was teaching gospel doctrine so that was the introduction I had to the ward that I have always loved so much. I enjoyed reading the obituary and what his life was like as a youngster. I was so lucky to know Rolayne and Pat was wonderful too. What a legacy your family has to look up to. Love, Jean and Frank

My heart was heavy and sad as I heard about Arnie's passing. I was then filled with peace as I thought of the wonderful reunion with RoLayne, his parents, and dear friends that were there to greet him. I also felt peace knowing that he had been released from the confines of his physical body. I'm so glad Steve and I got to see he and Pat when we returned from our mission in September. He still had his wonderful sense of humor and love and concern for me and my family. Ironically, I was thinking about Arnie the day before he died. I owe so much to him. He was like a second father to me. I give him credit for raising me, since he hired me at 19 to work for him at the U. He trained me and gave me the opportunity that put me on a path to my career. I love him and am so grateful for him. I'm a better person because of my dear friendship with him. While Steve didn't know Arnie for long, when he met Arnie, they connected and Steve was appreciative of the wonderful influence Arnie was in my life. Arnie was so happy that Steve and I found each other. As a second father to me, he wanted to make sure I found someone to marry. He approved of Steve, even though he was a BYU graduate. My love and thoughts are with Pat, Tres, Maryann, Louanne, Shawn and the rest of your family. What an amazing legacy he has left for all of us. Go Utes!
