I didn't know him personally, but he knew my mother Frances Brandt and was nice enough to tell me somethings about her. Thank you, RIP

I graduated with Charlie in the Class of 1951 of Waterville High School, Waterville, Maine. He was a fun glass mate and I remember how extremely smart he was. We grew up in the same neighborhood too. Good memories. Rest in Peace, Charlie.❤■■

Truly Sorry to the Bonsall family for the loss of Charlie, truly a fine Person in all aspects. Ambitious Smart Caring. I remember taking him around our neighborhood introduced him and listening to his pitch to become a Utah legislature as the Libertarian candidate. His tales of his adventures driving an eighteen wheeler truck across the US to Maine and back. Just one of his projects after retirement. Charlie will be sorely missed but never forgotten. May you rest in peace and reunite with Yolanda…..
