I met King while I was employed at Dick Simon Trucking. (1994) .Little did I know I would become friends with King. He would come to the fuel island, when possible, to great me. He was amazed with my truck number. “666” . Yep. I was also amazed. But, I drove that truck for about 3 years because it was assigned to me. Off and on king and I would meet at different locations, but always acknowledged me. I worked at Back in Black for about 1.5 years in his complaint dept. I always considered King as a good friend and he was respectful to me. I’ll truly miss him. I lost a

long time friend. I’m truly saddened.

I am so very sorry for the suffering the Simon family is enduring now. King was a one-of-a-kind great individual. He and his family have always treated me and my family very well. King's absence in this world is such a terrible loss that many will be affected by. I remember how much the drivers and employees of Dick Simon Trucking looked up to him and considered him a friend. My heart goes out to the Simon family and I pray the family finds peace.

I express my sincere condolences to all who are impacted by the passing of Dick. I am saddened by this loss. I was on the golf team with him at Cottonwood and because he was talented and I was not he was always done with his round before me. Nonetheless, he was always off the 18th green watching as I finished my round. His grin as when I shanked a shot gave me reassurance that my teammate was there in support and that I didn't have to worry about letting the best golfer in the state down. He was fun to be around and I still have fond memories of sharing that senior year with him on the golf team. May his legacy of goodness carry on in other ways.

Dick was truly a kind and incredible person. I met him at CWood. We dated for a short time and he is still the nicest guy I ever dated. I cannot say anything more.. other than I am deeply saddened by the way he left this plane. May his soul be at peace and his spirit at rest now. My condolences to the entire Simon family.

Tork reached out to me to let me know that King had passed away, because he knew that I have always loved your family. Dick, Kelle, Lyn, Sherry, and family - my heart aches for you at the loss of King and Diesel. I know you are still mourning the loss of Valene so recently, and this sudden loss must be so horribly difficult. Please know how sorry I am for your loss and that I have been praying that you find some comfort. I feel lucky to have known and loved King for the funny, kind, wonderful man and friend that he was to so many and I feel such sadness that he and Diesel are gone far before their time. I have always admired your family and the love you have for one another and I know you are helping one another through this, but I wanted you to know that you are in my prayers.

- Cindy Fulton

We did not know Richard Dick Simon personally, but had heard a lot from Lyn Simon about his brother as they had a wonderful relationship as both of them followed in their fathers foot steps to be in trucking. We are praying that the Lord will comfort this family in their great loss of a father and son. Lord, be with all of them at this time and help them through as only you can. Amen.

Every time I saw King he always had a smile on his face. He definitely seemed like the type of person that tried to make people laugh. I didn't know him very well. But, he seemed like he wanted to help out when he could. My heart goes out to the Simon family, and their friends. Losing someone you love is a very hard to have happen. I will be keeping everyone in my prayers. And my the Lord watch over you.

- Erin H

I was simply unable to do this any sooner. Accepting that this really happened was just too much. The world became a darker place when King left. He was the most genuine person I have ever known. Generous doesn't adequately describe King Simon. He was one of the best people I ever had the pleasure to know. I am proud to say I knew him and he was my friend. Find peace Brother. Until next time.
