We are so sad to hear of Charlie’s passing. He has fought a valiant battle. Charlie was such a great neighbor and friend. He was always interested in our lives and willing to share in great conversations. He was so sweet to lend a helping hand or tools or whatever we needed. We send our love to your family. Dear Forsythe Family, words cannot describe our sorrow for Charlie’s passing. He was a wonderful person. During get togethers he always had a kind word and gregarious laugh which we will definitely miss. May God comfort you and help you to find peace while we await the resurrection is our hope and prayer. Best, Tammy, Terry and family.

I was deeply saddened to recently learn of Charlie's passing. "Angel," as he was known to all of us in the 512 TFS, and I were crewed together for a while, and I loved flying with him. As a back seater, I flew with nearly every pilot in the squadron at one time or another, but Charlie was my favorite. He was an outstanding fighter pilot with great hands and sound judgement. More than that, he was a truly nice guy and a fun person to hang out with. I will never forget his smile, his energy, and his constant cheerfulness. I had the honor to have been flying with him on the training mission when we shot down a PQM-102 drone with a Sparrow missile. I will never forget the crazy celebration in the cockpit when we saw the missile hit and the aircraft split apart and fall to the Gulf in flames. Nor will I forget that in that moment of exuberance while we were both shouting and banging fists on the canopy with neither of us actually flying the jet, we nearly flew into the debris from the blast. I sincerely regret that I lost touch with him after leaving the Dragons. My deepest condolences to the family. I will remember Charlie in my prayers.
