Love your Father. He was truly one of my heroes who looked after me in my day. Love the whole Diane Family.

Uncle Charles is such a dear sweet man. Always setting a good example of love and service. He was funny to talk to and kind and gentle. He and his wife, what a sweet reunion. I know my mom, his sister loved him and I do too. I loved spending time at their home as a child. I love you Uncle Charles. Thank you for the love you showed.

Your parents were my home teacher's from 1996-2002. I was a newly divorced, scared middle aged woman. Charles is a celestial being who faithfully served me by weekly mowing my lawn, fixing my swamp cooler every year and they brought me rose's on my birthday. I love them more than I can express. Just last week I found where they were living and was going to bring Charles a card thanking him for being the best friend and home teacher to me in my seventy years. Now I plan on giving them my love and thanks in Paradise. Bless you all.
