

Robert Dean Davis Jr

June 11, 1941 ~ September 15, 2025

I first became acquainted with Bob many years ago when the two of us worked to assist Don Wheeler in Don’s charitable foundation. Bob was always warm and friendly, even when discussing tricky business issues. He was much more than a good accountant - he was a good friend. My condolences to his family.

Bob & Sue have been a wonderful example of friendship and kindness to our family for many years. As "back-fence-neighbors," we've enjoyed being annoyed and amused by the same squirrels! We express our deepest condolences to Sue and the family and are grateful for the association we've had with Bob & Sue. Troy always enjoyed talking to Bob about the Utes and the Aggies and will miss our conversations when we'd run into each other on a walk around the neighborhood.
