Charlotte was a wonderful lady and friend. I spent many memorable hours with her and Bob. You can be proud of all she accomplished. Please extend my condolences to all of the family. I regret that I cannot attend the funeral services.

I had the distinct pleasure of getting to know Cholly and Bob while directing the tribute documentary we did on them for The Interpreter Foundation. What a fine couple to get to know briefly! And it is clear that Cholly was a strong anchor in your family. And I do not say this lightly—getting a glimpse into their home and relationship has been a blessing in my life. May you be blessed to laugh when you need it most, cry joyfully when you feel like it, and smile with fondness as memories slip to the surface. I wish I could have attended the funeral, but could not. All the best to all of you.

I read only today, of Chollys passing. It was with such sadness. when I first met up with Bob and Cholly again after some years they were so very kind to Robert and myself. From that meeting in Salt Lake we remained in touch every Christmas with Robert playing at the Tabernacle on several occasions. . Sadly I lost Robert in 2021. But I send much love to all the family .
