I absolutely loved "Uncle Bob". He wasn't really my uncle but I always would call him that because he was my best friend Wendi's uncle. He always made me feel welcome when I would go to his home. Even recently going to his home with my grand daughter, he was so sweet to her and, let her get into his snacks. I can't believe you're not here on this earth anymore. Love you Aunt Patti and family.

Pat, heartfelt thoughts are coming your way from one who’s been there. I’m not going to give you the general platitudes that people say at this time because the pain is there, the pain stays and it hurts. One anecdote that I always tell my family is that when Mike and I were thinking of moving, Mike said “We’re only moving if the Scarcelli’s move”. Your family was that respected by our family. Pat, Traci and Jim, save your memories of Bob and talk about them often amongst yourselves, that’s what keeps him alive in your heart and mimd and may you all be blessed with love. Lukie

Dear Patti and family, With such sorrow we send our deepest sympathy for the loss of Bob. He was a terrific cousin and we will hold forever our memories of the trip to Italy. We had such a wonderful time and watching Bob have an Italian gelato every day or at times twice a day! He was a wonderful person, loving life, loving his friends and family. We do hope that the fond memories of him will get you through this difficult time. Love, Reg and Yvonne

Scarcelli Family: So saddened to hear of Bob’s passing. My brother and I grew up on Duchesne St., in Helper five houses south of the Scarcelli Family. Bob was gone but would visit Mary from time to time. I also worked for him at U.S. Welding while I was at Utah U. He was a good boss and leader. I know he will be missed by many. May you rest in peace Bob; you have earned it.

My condolences to his beautiful family and friends. Bob is one of a handful who has inspired me to be a better person, to do more, be more. Today I'm a better person from having such a great life coach. He was always wise, yet immature and playful, quick with his wit and even quicker to love and respect. There is every reason to believe he is in a great place right now, my mission will be to join him once again so we can again sit around a campfire, and as he would say “lie to each other for a while.” Perhaps Bob could school me at horseshoes one more time. Show me once again how to properly fix my fly line. Time spent with Bob cannot be deducted from one’s life. Regards, Andy

Bob was one of my favorites. Played a lot of baseball with him. He was always positive. Loved climbing balance rock with him. Enjoyed working with him at Cookies Service Station. What a great guy!!!
