

Robyn Carver Gilman

July 11, 1958 ~ October 23, 2021

My sincere condolences for the passing of Robyn. I was Privileged to work with her for many years at the University of Utah. Robyn was full of life, laughter and passion, She was always straightforward with me and such a hard worker. She is truly missed and will always be remembered.

- Kaede Randall

My deepest sympathies to you and your family. We loved working with Robyn here at the U of U. I will miss her sense of humor and her laugh which was contagious. Loved her wit and kind heart. I only worked with her closely on our team for a few years but we had many tender conversations about our lives and I will cherish those forever. Until we meet again my friend!
