Sorry for your loss. I know he will be missed. I had an opportunity to work with Roger on several occasions. I can't say enough about him, such a great guy. Craig

Dear Gloria and Family, The long goodbye is over. What a difficult time for you and I'm so sorry you have to go through this. I am so grateful for Roger and how very kind he was to my Bob as we moved into Garden Park and tried to feel at home. Roger befriended Bob and connected with him as Marine Corps brothers and shared his motorcycle cop stories with Bob. We downsized and moved here because of Bob's forgetfulness and increased need for help. Roger made the transition so much easier for us. What a great man he is! I'm looking forward to us all being with our loved ones, all of us being in our entireties. Love and prayers, Susan Butters
