Cheryl was my niece, her birth mother is my sister. I am so grateful for the adoptive parents she had in Marylee Hagen and Jim Dorsey. I so loved reading about Cheryl's life in her obituary. She was truly a special woman, mother, best friend, wife, sister, daughter, aunt and niece. We shared a brief email correspondence that I wish had been longer. I believe the cliche is true; heaven is a better place now that Cheryl is resting in peace there.

Cheryl was a hero to me. When I was going through some tough times is when I meet her through our goodfriend Bonnie. I always told her that she set a good example for me. Never complaining about the struggles she was going through and always encouraging me to be better. In May as I was packing to move to New Mexico she continued to call me and ask if she could come and help me pack. I knew of her own struggles and told her I was doing ok. Right up to the end she was still trying to help others and she set an example for me to follow. I am so grateful that I got to know her for the few short years we had together. May she be at peace now after all she endured throughout her life. Cheryl I love you....

I loved my precious daughter so much. I treasure the memories I have of us together. It breaks my heart to lose her so young. Now she is an ANGEL up above guiding us here on EARTH.

We are so saddened by the news of Cheryl’s passing. Cheryl was so gracious and intelligent, it was great to work with her in PTA. May your family be blessed with joyful memories and the peace of God. We send our love and prayers. Andy and Dee Ann

Cheryl was, no doubt, one of the funniest, sweetest people I’ve ever met. I knew when my children were at her house they were well cared for and loved as if they were her own; I also knew they were well fed because Cheryl was an amazing cook! Our family will miss Cheryl greatly. She was a truly kind and decent soul who always made me laugh!

I've known the Cherry family for 10 amazing years. When I was in 5th grade their daughter Stephanie and I became best friends. When I came over to their house for the first time I honestly didn't know what to expect. Cheryl came up to me and hugged and I will never forget the words she said to me. She said "once you come into the Cherry household three or more times you are part of the family" and that's all I've thought they've been for these past 10 years, family that I could never replace. Cheryl was very much a second mother to me. She was someone that I could come to with anything even if I couldn't tell my parents about it. She was always there and always willing to give me advice. She even crochet me one of her amazing blankets before I moved away with my family. I still saw her and the Cherry family when I came to visit and honestly felt like I've been back home every time. Words can not express how amazing she was to every person she met. How many lives she touched is too many to count and I know she will always be in my heart. I love you mom number 2 and thank you for all the amazing memories and talks. I hope to see you again in another life. I am happy you're not in pain anymore but I do cry thinking I'll never get one of your mom hugs or talks ever again. Rest easy and I love you.
