Thinking of you all and sending our love from the U.K. I never met my beautiful Aunty Doreen, or cousins, but my Mum (Vera Boult) used to talk very fondly of you all. Love to all of my cousins & family. Pam ❣■

My dear sweet friend, we have been through a lot together. I am so glad that I have been apart of your life all these years. Your mom was very special to me. She always made me feel so special when I would see her. She always called me one of her kids. She will be so missed. I am sure that she was so appreciative of all the time you took to take care of her and to make sure she had everything that she needed. You really gave up a lot of your life to take care of her. Your heart is so big! And you never asked for anything in return.I am here for you like you have been there for me. I love you! Christy!

We know that there is joy of the reunited of Doreen and Gary. We are sure the reuniting Punkie was also joyful. We send our love to all the family. May God wrap his arms around you and give you the comfort and peace you desire. Love Rob an Elsie DeKorver
