It was a pleasure working with such a dedicated Counselor at Cyprus High. A very fine man.

Sam was my wrestling coach at Cyprus. He changed my life and I am a better person because of him. He helped me believe in myself. He instilled confidence. He inspired me to be the best I could be both on the mat and in life. I am grateful to have known him and pray for comfort for his family.

Coach Nichols was a wonderful teacher. I remember getting into a fight with an other student and Coach Nichols made me put on boxing gloves and so did he, he then proceeded to teach me a lesson. He could box. My condolences to his family.
