May you feel the love of your Savior and of family and friends in this time of sorrow. May you remember the wonderful memories Sandra has given you. "And it came to pass..."

Diana, I remember having chats with your mom when ever I went your house growing up. She was always engaging and interested. Having your mom graduate from this journey leaves such a big hole in your heart. Sending love ❤■

Sandra was one of the most wonderful people we had the privilege of knowing. She was always teasing Don for holding formal interviews with us and asking us to help with chores. She always treated us like family. We could never stop smiling when we were around her for this past year. She always made us laugh and we'll miss hearing her quick wit. We send our love and appreciation to the family.

I met Sandra when I was a young mother with a baby and I was her visiting teacher(when they lived in the house on the corner across from the Church). She was such fun and we became good friends. She invited me to take an Art History Class with her at the U. of U. and we took several classes on the general survey of Art History. We worked on many committees together through the years, and I always enjoyed her teaching in Relief Society. I will

miss her greatly, but I feel fortunate to have known her for over 40 years. She blessed my life and widened my horizons.
