

Christine Huber Stoker

June 30, 1958 ~ November 10, 2023

Steve and I are sad to hear the news of Chris' passing. Although it has been many years since seeing her, we both have fond memories. My memories of Chris are of our growing up years and the Huber family. Steve's memories are of meeting her in High School. Later on we would cross paths when she moved into the Walnut Hills neighborhood shortly before we moved out. We send our love to her family and all of the Huber family. We are grateful for the knowledge of the Gospel of Jesus Christ that assures Chris is now in the presence of the Savior, those family members who have proceeded her and that she is continuing to progress without the limitations of the earth. ♥■

My sincere condolences to the family of one of my most memorable childhood friends. I grew up down the street from Chris and spent many days, along with our siblings and numerous neighbors, playing hide and seek, riding bikes, going to the Gem theatre on Saturday afternoons, spending as much time outdoors as possible, and basically having a wonderful carefree environment to grow up. I was saddened and shocked by her passing and although I have not seen Chris for many years, I still considered her a friend. I always appreciated her forthright and honest outlook on life, and her dry sense of humor. Chris left us way too early, but I hope memories will provide comfort and bring smiles to faces. I'm so sorry for your loss.

Dear Peter and Family, I extend the most heartfelt sympathy for your loss... your mother sounds like an outstanding human being and I see that reflected in Peter and his work. Cancer has certainly impacted my own family in the past few years so I truly empathize with how devastating it can be. I hope you can find peace and comfort in your mother's honorable legacy. Warmest regards, Judy Thorne
