To my lovely beautiful wife. Words can't describe how much I miss you. I WILL LOVE YOU FOREVER...

Chris brightened my day every time I saw her! I loved to sit and talk with her about the latest piece of clothing she bought or hear about her life before her cancer diagnosis. To her husband Chris- what an amazing caregiver you were/are. I was continually impressed by your attentiveness and care.

Chris was an extraordinary woman. I met her a few years ago when her hairstylist joined our salon team, and I always enjoyed bantering with her and her husband during their appointments. She was so easy to get along with — kind, confident, and always ready to jump into any conversation. She had such a wonderful presence, and we all grew to know and love her well. We were deeply saddened to hear of her passing. We are keeping her husband Chris and her entire family in our hearts, thoughts, and prayers. Thank you for choosing our salon as your salon home, Chris. We will miss you always.

Christine will always be remembered as my baby cousin. In the last year as Christine was fighting her fight I had several texts and a few facetimes with her. We shared so many great memories. She reminded me of the Sundays at our Grandparents house, pretty much every Sunday, there was no splashing in the pool or jumping on the inflatable swans. That lasted about as long as it took for our Grandmother to go back in the house. In those texts & our facetime I also learned she had a great mind for football when she disclosed she was a Chiefs fan, God love her I knew she was not only beautiful but so very smart as well! Christine will always be in our hearts. My prayers and love go out to her wonderful husband Chris and all the family. With Love.
