We are deeply saddened by the loss of our dear friend and neighbor, Elaine. We have such fond memories of her. We have always called her "The Woman of Substance" as she exemplified such kindness, wisdom and friendship. We appreciated her presence in our lives. Elaine's absence will be deeply felt as she had such an impact on every single neighbor making our community a better place. Her departure leaves a void but her legacy will live on. Our deepest condolences to her amazing family that she so loved and served. May we all find solace in the beautiful moments we shared with Elaine.
