

Shanna Lee Gause

August 25, 1953 ~ January 14, 2022

Shanna was such an incredible woman. She was thoughtful, kind, and so funny. She will be deeply missed. My condolences to Neil and the rest of the Gause family.

- Savanna Newman

Shanna was always so kind. She was so sweet and gentle. During middle school and high school I saw her a lot at church and when Laura and I were hanging out. She was full of smiles and kind words. Always felt at home around her. Keeping your whole family in my prayers. Comforted by the knowledge that we'll all meet again through Christ. Rest In Peace.

Shanna was a bright light to everyone who knew her, and we are lucky to have shared our time together. I will always remember her with a camera in hand, capturing all of our teenage milestones. Love to all of you.

I love you so much my sweet dear wife. My heart aches from the huge hole left by you being gone. As rough as the last few years were I would do it all over for you. Your love has always been the best thing in my life.

- Neil

So very sorry for your loss. I got to know Shanna at O C Tanner. She was a special lady with a bubbly personality. May you find peace and comfort.

So terribly sorry to hear of Shauna's passing. We worked together at UHEAA and she was one of my good friends during my time in Utah. Since I moved to California almost ten years ago we kept in touch now and then. It had been awhile and I just thought about her the other night so looked her up. She was a wonderful good person and I will keep the good thoughts of our friendship fresh in my mind. Prayers out to all her family and friends. God Bless.

This may be almost 2 years late however I had to send my condolences. I saw Jedd on Saturday at a funeral for dear aunt Melvena Richards. He told me that Shanna had passed, cause of death, dementia. What a horrible disease and my father (Randell Richards, Shanna's uncle) currently has the same disease. Our family has been stricken with the gene. I am so so sad.
