Sorry for your loss. Cherish all the wonderful times you shared together! Know that love and prayers are coming your way.

- Laura Warner

My Dear Sweet Sharon, My heart aches thinking you are gone from us. Yet it rejoices in knowing you have been embraced by Angels at Heaven's door. You were such a steady enduring presence at Beehive and I enjoyed working with you for all those twenty years! You had an endearing presence that drew us all close to you. I will miss your wise words and pms on FB and your sweet smile. The world lost a treasure with you! Love always and forever, Andrea

I am so sorry to hear of Sharon's passing. I find it hard to believe. The last I saw her we were both spending the day subbing at Beehive. It was quite a normal day in the classroom. She and I shared many things in common . . we are about the same age, played the organ for sacrament meeting, played the piano for Primary, had five kids, and taught at Beehive at the same time, among other things. I always knew her to be very kind and considerate to those around her. She will surely be missed.
