I’m so sorry to hear of Philips passing. Although we didn’t keep in touch, even though we both lived in the SL area, I served with C. Philip back in 1976 in the Argentina BA North Mission. He was my 2nd companion in my first area. We had a great time. I was new and very green and impressionable and as my senior companion he did his job and taught me many things which left important impressions upon me, for which I have always been grateful. We always enjoyed running into each other at Mission Conferences and we’d spend time catching up and sharing stories. I hope that you can all find joy in the sweet memories that you have shared, just as I have done remembering our time in the Mission field. Praying for blessings of comfort for your family.

We had lost touch with Philip over the years, but we have many memories of time spent with him and his family. He was definitely blessed with gifts in language, golf and personality. RIP old friend.

So sorry to hear of Phil’s passing. Our friendship is fondly remembered , whether it was on the basketball court in his driveway, our time spent on the baseball Diamond, outings on the golf course, or the many weekends spent together at the family home. . Our fathers coaching our teams together, time spent with Phil was a major part of my childhood, and will always be treasured. May he rest in peace.

So sorry to hear about Phillips passing. I have often thought about him over the years with a smile. He was always so kind and friendly to all. Thinking of times at Marie Callenders after games or just a quick hi how ya doing. My condolences ■ and prayers.

I'm sorry to hear about Phil's passing. He was a missionary in my district in the town of Jose Leon Suarez, a suburb of Buenos Aires. He was a good man and great missionary whom we loved. I wish his family my sincere condolences.

I just saw this notice and wanted to send this belated note to Philip's family. I had the pleasure of working with Philip many years ago at Innovations and TenFold, where I have never laughed so much as we collaborated on BizDev projects. Philip was one of those rare individuals who was brilliant, tenacious, and kind. He will certainly be missed.

With the upcoming HHS 50th reunion, I was looking at the profiles of my close friends in high school. I considered Phil to be one of those friends. I remember pick up softball, flag football games using the equipment he kept in the trunk of his car. Such a cool guy. I was so sorry to hear of his passing. RIP, Phil
