I love and miss my aunt Shirley so much I am so glad that I was able to have so many fun memories with her through my life!!!!!!!

I remember a long time ago when I was having a serious issue and Les & Shirley helped me with it. From that day forward, it meant so much to me. And Shirley was so attended and sweet about it. She didn't judge me at all. She was a great sister in law. I love her very much and will miss her forever. May you rest in peace Shirley.
