

Shirley Jean Turner Dunn

February 2, 1933 ~ December 31, 2020

I wanted to send a message to Shirley's family. I am very sorry that Shirley will no longer be with you physically. She will, however, always be with you. Everywhere you turn and at times when you least expect it, you will feel her there and be reminded of her!! Aunt Shirley was a wonderful person! Every time I saw her at reunions she would always make it a point to come up to me and say hi and genuinely ask how I was and how my family was doing. I will dearly miss her kind, sweet spirit! Love, Marci Maria and family (Barbara's daughter)

- Marci Maria

Shirley was my older sister and such a great role model for me. She was blessed with the temperament of our sweet mother which was kind, soft spoken, not complaining, not speaking ill of others. I was blessed with our father's temperament which was opposite of hers. I know I annoyed her a great deal but the only thing she ever said to me about it was in a joking way that I tore up her favorite paper dolls. We were 7 years apart in age so were not especially close when we were young but that changed when we both married and had our children and especially in our older years. I loved her greatly and will miss her tremendously. Whenever we talked on the phone or in person we would always share our love for each other. I am so glad that she is now with Jerry, the love of her life. I express my condolences to her 3 children and all of her posterity. I know they will miss her greatly.

My aunt Shirley was one of the sweetest, kindest, most thoughtful and caring people I knew. She would call her sister Barbara often and ask how she and I was doing. She always put others before herself. Aunt Shirley loved her children, grandchildren and great grandchildren very much. Whenever a new great grand baby was born she would call to give me that child's name and birthdate so I could add them to the Turner sheets I do for the Turner reunions. I will miss her phone calls. At each of the reunions Shirley would go around to each of the families there and talk to them. She will be greatly missed by all who knew her.
