

Shirley Lee Thomas Barker

December 8, 1926 ~ September 24, 2022

Was just perusing obituaries when I saw that Shirley had passed away. Shirley and Clint are part of my most precious memories of Stratford ward. They were always the epitome of love and dedicated service. Furthermore, those two were almost always smiling....and why not....they had found each other years ago and found great delight in each other and their beautiful daughters while being of great service to the Lord Jesus Christ. After we moved out of the ward, we invited them to our "new" residence, along with several other friends and had a memorable couple of hours. They added so much to our world with their positive, exquisite presence. Truly lives well-lived. I pray the Lord's blessings on their much-loved daughters and their families, who will always find joy being members of the Barker family.

- Doris Williams

I am a cousin to Clint and Shirley, the youngest of the cousins. It was so fun to have cousins lunch with Clint and Shirley. They were a fun loving couple. I tried to contact Shirley after Clint’s death, even sent a note to Kathy at max’s office. Never made contact. She was a true lady. She will be missed Sending my love. Penny
