

Clifton Dick Michaelsen

April 12, 1940 ~ May 1, 2023

One of Michealsen’s cousins has passed away. Dick was one of the best-looking men in our family of the Michaelsen. Our parents Julia and Neldon Burr with Juanita and Elroy Michealsen went on their honeymoon with each other. They went to the mountain where Neldon was tending the shepherd. And stayed in the little shepherd camp trailer. They had the children at the same time. And it didn't stop there. Dick and JaNell we're born one week apart. Year's later, Brent and Bonnie was born a week apart. I always thought they were good friends, besides brother and sisters. I wished one of our parents would have told someone about more experiences in those days. Love, Bonnie.

- Bonnie Burr Engebritson

Clint and Family, sorry for your loss, these times are hard, prayers and blessings to all..

- Joyce Meyers

I was so sad to hear that Dick passed away. My heart goes out to all of you and l want you to know l would have been there had l known. Clint, l know how you have been there helping your parents for so many years now and this has got to be the most difficult thing for you to go through. Dick was a hard headed man and tough on his sons but l think that's how he loved them and did the best that he knew how. I know he was proud of them even when he didn't show it because of conversations we had...years and years ago. I am thankful for everything he did for me and grateful to have known him. Sending love and peace to Janice, Clint, Blake, Chad, and all the families respectively.
