

Stephen Robert Murphy

September 10, 1950 ~ August 31, 2024

I enjoyed getting to know Stephen at the VA. He is one of the kindest people I have been fortunate enough to know. So sweet and kind. He went through so much and never complained. Always kind and so grateful. He was a joy to be around. His book is an inspiration. The way he lived his life was such a great example. I am so grateful that I was able to know and love him. I miss giving him a hot chocolate and a hug in the morning. So happy that he is free from his earthly body and is running with those that have gone before. He will be missed by everyone here at the VA. Rest in eternal peace. -- Alissa
