

Steve Albert Huetter

July 11, 1960 ~ July 10, 2023

So sorry Ash. No words, I know how you feel. Love you

- Frank Lee

Ashley, This was a lovely written obituary to honor your father. I am proud of you and your brothers and the Huetter family for working together to prepare this graveside service for him.

Gone too soon. Steve was a giving man with his time he would help you with anything all you had to do is call. He was fun to be around always had a good time. My heart aches for his kids and family. RIP

Dear Steve, I’m so sorry for the loss of your Dad! Your Grams and I have been friends for many years and you are the same age as my son Ike. You came to their wedding. I know how hard it will be for you this next year without your dad-I’ve seen my son grieve after his Dad passed. Please just know he is with you always ♥■ I send all my

love. Your Grams is so proud of you and your Dad is too!

- Viki Sullenberger

I have many fond memories of you Steve! RIP Hugs, Jackie Redmond

My heart is just sick! I just heard today 09/29/2023 that Allen passed away and that Steve passed away in July. I grew up with the Huetter family, just across the street from them on Dimple Dell Road, and love them dearly! I am heartbroken that I did not know of Steve's struggles. He is and will always be a very dear friend of mine. Susie and Lisa, I have told Tina as well and she is just devastated! We love you so very much! We want to come see you soon!

I am so sorry for the loss of Steve, He was a great man and taught me a lot within the construction industry which brought me to where I am today. I drove his white Kenworth while working for Cracar for roughly 4 years before moving on to Staker Parson. Steve had called me a few times after I moved over to Staker to see how things were going and to just chat for a little bit. I have always had a ton of respect for Steve and always will. R.I.P. my friend. Prayers and Condolences to all the friends and family involved.
