What a dear friend you were. Never replace our lunches and your quick texts. We had so many laughs at ourselves for doing something and then wondering what the heck. You were the best of everything and I'll never forget your wisdom and funnies along the way. You were always thinking and helping others when in so much pain yourself. You got me thru some very trying times and for that I'm truly grateful. Love you friend, may you rest now free of pain. I'll never forget you, you were the BEST!!!

My heart breaks at the lost of my loving sister . We were not blood but the bond was unbreakable. I can't know how deep your pain is as her loving family. I didn't get your message until today or I would have been there for her service . Vicki when you feel up to it please give me a call Love and prayers for the family Garry Franklin

Dear Vicki and other family members... Sending you my condolences for the loss of your beautiful mother. I had the pleasure of doing her hair the last probably 15 plus years. She was like a second mother to me always having great conversations and listening to each other. I thought the world of her I couldn't believe what a hard worker she was always pushing through no matter what she was going through I always admired her strength and her strong personality. I could go on and on about how special I think your mom was . I am grateful I had the chance to know her. My condolences again ♥■♥■♥■
