Conner worked for me at the South Jordan O'Reilly and he was an absolutely AMAZING person. No matter what his day looked like he came in with a smile on his face and just pure joy and excitement in his life. I can still hear his voice saying, "Nikki, guess what..." And then he told me something fun or just waved with a goofy look and said Hi! I pray for peace for those he left behind and I'm sure he is smiling down on those he loved.

- Nikki

This young man was an exceptional friend! He was such a polite kind person! He was always willing to help out and was very mechanically knowledgeable and readily shared his knowledge! He loved to laugh and joke around! How did I know all that? I worked with my friend Connor for over years! I will tell you that management thought so highly of Connor that they hired him back multiple times when he went to Idaho to work for a time! He was a really wonderful man and I am thankful we called each other friends! My heart grieves for his family as they will miss such a great guy! Blair Gurney

To our family, Our hearts are with all of you. We are so very sorry. Sending so much love and prayers for peace and healing from the east coast. For all those loving and missing Conner, our deepest condolences. Love, Megan and Chris Dolan

- Megan Dolan (McGarrity)

I did not have the pleasure of knowing him however, reading condolences from the individuals that did and knowing his surrounding family, I know he was a good soul. Being a mother myself, I could not imagine losing a child no matter how old. I would question my faith, I would have doubts, I would be confused, pissed, sad, and enraged. Those are normal human emotions expressed after a tragic loss in our lives and it’s ok to feel this way. Just know you’re not alone in this. Family and friends will come together to celebrate new life and talk about the happy times with Connor. We love you all-Tim and Tessa Lysak (McGarrity).

- Tessa Lysak

I worked with him at O'Reilly's and even after I didn't work there we still remained friends . About a year ago there was a light snow storm and somehow this storm broke a tree we had in our in three giant peices. I asked if would come help us cut it up into smaller pieces, he stopped what he was doing just to come help my family and I. We still owe him a dinner for doing it...
