

Susan Alice Price-Hood

October 31, 1941 ~ September 21, 2025

We lived next door to Bob and Susan in Bountiful for over 23 years. They were "Grandpa and Grandma Hood" to my girls when they were little. Susan babysat my youngest daughter for a few hours a day after she came home from pre-school, and later shared her love of art with her. We have beautiful Christmas ornaments that Susan tole painted for us over the years, and fond memories of her talking with her beloved Beanie. She was a lovely woman who will be missed but not forgotten.

What an amazing lady. Susan was so talented, kind and faithful. I have many fond childhood memories of her. For many years she was a best friend of my parents. My freshman year at BYU she was kind enough to let me spend Thanksgiving in her home because home was far away. Thank you Susan for sharing your talents and love! Love to all her family, Merriell

I met Susan one year, on my Birthday and we struck up conversation like we'd been friends forever. We were friends ever after. My daughter, Amelia, and I both hold Bob and Susan in a very dear place in our hearts. We think of them often. And even though they are both gone now, I know we will still think of them often and remember our extraordinary conversations!
