Connie was our best friend! We created the "Gals on Prowl" group and "We Five with in one year of age" would meet monthly for many years, to dine together wherever we pleased . We covered areas from Kamas, Spring City, Lehi, Ogden, Salt Lake, and the Utah mountains and rivers - enjoying our company and eating great meals in all kinds of dining settings, having fun and invigorating discussions that led to laughing and crying - giving us strength and dignity and the will to keep smiling. Connie will always be in our hearts.

Connie was the first one on Brown Villa Cove to reach out as a friend and welcome me. We were both newly married in second marriages and I had the chance to be her visiting teacher and make her feel welcome at the Oakhill Ward. She was the brightest spot on the street. Always a kind word, a sweet treat, a listening ear. We shared our happinesses and sorrows and prayed for each other. Connie was so proud of her children and was particularly close to her grandchildren she tended for years. She also tended her own mother until late in her life as a loving Angel. Connie was one of a kind and I will always cherish our friendship. What a valiant fighter! She has gone home and into the arms or her sweet John. We love you Connie! ❤■

I am so sorry to learn of the massing o f Connie. I travel with Connie and John Snow for years, such wonderful people. Connie and her brother and his wife, Jim and Karen Gill became dear friends. I know that we will see her again.

Some of my fondest memories were hanging out at the Kwant home because of Connie’s kindness, smile, laugh, and they way she always made everyone feel loved. As I watched her overcome the challenges in life I have so admired her toughness she showed through her perseverance. She never list her grace. Connie’s legacy lives on through her amazing children whom are the kindest humans I know. Amy, Lisa, and Johnny I love you, and I will forever love your beautiful mother.

Oh, how we loved Connie! I loved the quote shared in her service today about people perhaps not remembering what you say or do, but they will remember how you made them feel. Connie always made me feel special and loved. I was her niece, and she always referred to me as “angel” or “darling,” as I know she did for many. She was a joy to be around because she made you feel good about yourself. You knew she valued and loved you. She was also incredibly fun! I had the opportunity to travel with Connie, and together with her sweetheart John Snow, they were such an addition to every trip. Wonderful conversationalists and quick to laugh about the unexpected events we encountered. She had a quick wit and was so fun to be with. I was also always inspired by her class, her grace, and her tact. From her dress and mannerisms to words and actions, she was pure class. She modeled the example of her angel mother, and she inspired me to be better. We will miss Connie. But we are grateful for the joyful, peaceful, and pain-free reunions she is now enjoying. Our love to all the family. We look forward to seeing her again. ■
