- Brad Dean

I’m sad to miss the funeral but my love and thoughts are with you. I loved Jerry and Connie and have many many memories of times together. Sharing the cabin and family times together are precious memories. I’m sure my momma and Connie are having a happy reunion. Sending love and prayers for peace in your time of loss. Melissa

Connie was my cousin and a very dear person. I only learned tonight almost 2 months after the fact that she had passed. I went to the viewing tonight for another cousin which is where I learned of her death. Connie called me almost 2 years ago and we had a wonderful phone visit. Her voice was like music she had the most calm and lyrical cadence. Connie and Jerry were two of my favorite people and though they were much older than me I always liked being around them both. I am so sorry I was not aware of her passing so I could have attended the funeral. All my cousins were considerably older than me, but they held a special place in my heart. I'm sure aunt Vi was happy to be reunited with her lovely daughter.
