I loved Connie. She was always so kind. I will remember how she always looked nice, had a great laugh and was full of energy. She was so appreciative of the Carmel Popcorn I dropped off at Christmas. Small thing but she made you feel like it was a big deal. She genuinely cared about others. She will be missed.

My most sincere condolences to the Eckersley family. With love, Karilyn Anderson

A beautiful woman inside and out. It was a true blessing and pleasure to know her. Romance books, ham salad, and so many other lovely memories. Sending comforting thoughts to the family.

Our Family moved into the Midvalley Stake in the late 1980's. Howard and Connie played a Big Part in our lives as we assimilated into the area and the Ward. Connie and I worked together in the Relief Society closely and became quite close. As with life, our family grew, we built in Draper a bigger home, moved and lost touch. However, I will never forget the BEAUTIFUL lasting love this remarkable woman had for me personally. Also, the many talents that

she shared with her creative mind and her thoughtful heart. Knowing she sings and is home with the Angels makes me smile as she was truly an Angel here on earth.
