My cousin Syd will be greatly missed. She was my sounding board, always endorsing me. She loved my family to was always asking about them and bearing our burdens with us. She was an example of strength when Char became paralyzed and laid still for several years. It was our family tradition to have a big Christmas dinner with Syd’s family and all my siblings. It was the highlight of Christmas and she brought light with her. My heart celebrates with her as she joined Char and many family members. I love you cousin Syd. ■Bev
