

Ted Bisping

April 23, 1949 ~ January 30, 2024

I met Ted the first day he and I started with the power company. His employee number is one digit from mine. We read meters together worked at Gatsby together where he trained me. I remember him coming into the plant and always putting his bottle of Pepsi in the freezer. We later on worked together at the service center. He was a great guy and friend. Peace be with you my friend. You will be missed.

- Cliff Newsome

Please know that we are thinking of all you over there at this very sad time. Cousin Bill called with the news tonight.

- Thea Collin (Bisping)

I retired, long ago; the year 2000. I sure remember Ted. He was always a gentleman and a scholar. A great man and so nice.
