

Cristin Kelly Connin-Cluff

December 8, 1980 ~ July 9, 2023

When Skiley and I played basketball together I remember seeing and talking to Cristin all the time, she was always so supportive and just so full of love and light. I also remember seeing her years later when I was getting a tattoo with Skiley. She was asking about the tattoo and was just so excited to see how Skiley did. She was always so porifero of her and her work. Her smile seriously lit up rooms and was so contagious. Skiley i am so sorry for your loss but I just know that she is always going to be your biggest cheerleader and will always be so excited to see you grow and watch you progress in life. I know that she will always be so very proud of you and will smile down at you every day. You'll always have her light inside of you. You are a piece of her and you'll always have her with you. Love you so much.

- Isa

We are your neighbors at the end of the street, we are very sad to hear the bad news, please know that we are and always have been your friends at the end of the Street, if you ever need anything we are hear for you! Hope we can be better acquainted with each other and more supportive in the future, god bless you!!!

- Blake and Adriana Kuepper

My wife and I were blessed to connect with Cristin through her business. Every time we talked, she discussed Brayden and Skylic and what they were up to. She was the proudest Mom I have ever met. As many others have said, she had natural light and brightness that only helped brighten your day. She was always kind and cared for others. We will never forget how she lived life. She was a person of action and was always out in nature. We will miss the posts and the stories she shared. We know she is having a happy reunion with her sister and best friend. We miss you!

- Steve & Debbie Burke

I knew Cristin through her massage business and just heard about this. I would have been at her service had I known. I loved her and wish I could have been some help to her in some way. She was an angel.
