Your Mom was a very special person and a great lady. She will be missed

- Georgia Schaner

Our deepest sympathies. I see your face in hers and you've carried on her life of service in the Oquirrh Mountain Temple and serving others. Hugs and love…

- Rick and Cathy Roggia

Every time I drive through South Jordan, my thoughts have turned to the wonderful Dunford family. Traci and Jedi welcomed me to Utah decades ago, made sure my first car purchase wasn't a lemon, housed me for a bit, and fed me spiritually and physically every Sunday for many months. I am one of their adoptees and I have valued their kindness, discipleship, Christlike love, encouragement, walk and talks, humor, love of gardenias and deep family bonds. Tracy will be truly missed. Her reunions on the other side will be bright and beautiful. Condolences to her children and their families.

I'm so sorry to hear of the passing of beautiful Traci. I know how close all of the sisters were and how much they loved her. It was always such a joy to see Traci at a family event, she was just so warm and loving. Traci will be missed by all that knew and loved her.

Tracy has always treated me like a Son. She's been very kind, and encouraging my whole life. We will miss her! Rest in peace■

I am sorry for Traci's passing. She was always a bright and shining person. Her smile could cheer anyone up at anytime. She and Jed were married when I was young, yet at Phippen family gatherings, I wanted to see her because of her genuine warmth. I always knew I was safe in her presence. I am grateful for the knowledge of celestial families and the afterlife. Blessings to the family in this time of joy and grief. (Shauna, Claudia Phippen King's daughter.)

Your wonderful mother served on our BYU Women's Conference service committee. She was such a joy. We loved her dearly. I was saddened to read of her passing. She was a wonderful person, and I’m grateful I knew her. Thinking of you and your family and wishing you comfort and peace.

When I think of Traci, I feel her energy; see her smile, and hear her laugh. We attended Highland High School together. I'm pleased to read that her path in life was filled with love and goodness. Bless you, friend.
