

Curt Frederick Setzer II

December 25, 1947 ~ October 30, 2024

Curt was my philosophical lodestar in the early days of our musical pursuits. Always pleasant, always ready to see the best in people. Truly a kind and gentle soul.

Curt I always loved talking with you, you had the best attitude. I regret our families weren't closer and spent more time together. Lucky for me I started calling you and Cinders in the last five years. Wonderful talking with both you and Cinders.. I was thinking of calling you the day Jeff called me with the news that you moved on. I hope you and Cinders are reunited. Take care Cuz, RIP…I'll miss you…..

- Todd Setzer

Curt was a gentle soul. We will all miss Curt. Curt was a mentor in my college years in both literature and music. Curt had a knack for matching a person's temperament with what he had to share. Sometimes, I felt he knew me better than I did.

Curt taught me everything I know about music . I have albums large very large collection of vinyl , heavily influenced by Curt , my cousin . So sorry to see him go even if I'm a year late . Peter of Carson City Nevada
