

Curtis Jacob Hortin

June 28, 1988 ~ January 18, 2026

Please accept my deepest condolences, I met Curtis shortly after moving to Utah when he became my supervisor at Backcountry. I knew immediately that he was special; he possessed a natural leadership ability and a genuine desire to see others succeed. Working closely with him, Curtis taught me invaluable lessons I continue to use to this day. I will deeply miss powder days at Solitude, camping trips, and game nights. If it weren't for Curtis, I never would have discovered my passion for canyoneering. He will be greatly missed.
