

Cynthia Marie Antonelli

January 22, 1961 ~ November 16, 2025

This is a loss that cannot be overstated and will echo in the lives of many of us until we, too, join her in the afterlife. She had an unmistakable and infectious laugh. When I think we will not hear it again in this life it just brings me to tears. I hope the assurance of an afterlife consoles Tony and the kids, because she has not been lost, just sent into a waiting room where reunions follow departures and nothing is truly ever lost.

The Karras family is so deeply saddened with Cindy's passing. We have grown to love Nicole so much and have always loved the fact that she was so close to her mom. Their adventures seemed fabulous! We have you all in our prayers and share your knowledge that families are forever. Sending love and our deepest sympathies. Xoxo

I was lucky enough to have worked with Cindy for the last ten years. We are heartbroken over her loss. She was a steady source of encouragement for everyone around her. Her smile and laugh were contagious, and her spirit lifted the whole team. Whenever someone needed help, she was there, sharing a best practice, mentoring a new hire, or simply offering an encouraging word. She truly was the heart of our Syneos OTC team, and the imprint she left here is impossible to put into words. Please know how deeply she was loved and appreciated and how much she will be missed. We are keeping all of you in our thoughts during this incredibly difficult time.

I worked with Cindy over the years at our Tylenol Conferences. I was deeply saddened to hear about your loss. Please accept my heartfelt condolences during this difficult time. I hope you find comfort in the support of family, friends, and colleagues. She always made my trips on the road more enjoyable and she always kept us sane.

Nothing will ever be the same again. Cindy brought light and life everywhere she went. I am grateful I was able to walk into our Relief Society event last week with Cindy by my side. I truly wish I would have sat with her and got to enjoy those last moments with her. The last words I heard her say were to remember the Sub for Santa at the Ward Christmas party. She was always thinking of others. I know how much she loved her family, especially her kids. I know this is the greatest loss for her, not being able to watch them continue to grow in their life. I know Tony was her best friend. We all saw it. I always looked up to them, how they were such a perfect family, their elaborate Halloween costumes and amazing Christmas decorations. You are already tremendously missed, Cindy. My love and thoughts to Tony, Nicole and Michael. You are never alone and will always have a ward family who loves you dearly.

Cindy was a vibrant, vivacious, smart and beautiful person in the Kenvue District with which I work. She was generous with her knowledge and was always cheerful during meetings. It is hard to believe she has passed and I want her family to knowshe effected people so positively during what I consider a prematurely shortened life. My condolences to all who loved her and miss her.

Laurie, I, and our entire family are heartbroken over Cindy's passing. I have known the Antonelli's for nearly 40 years. I had the honor of baptizing her when she joined the Church. She was always so warm and friendly with that bubbly personality and beautiful smile which she probably even had while sleeping. You could share your deepest secrets with her and she always gave loving advice. She also had so many amazing recipes that I still make regularly. I have always considered the Antonelli's some of my closest and dearest friends. It will be nice knowing she is on the other side now with a new mission cheering us all on. Our deepest love and condolences to Antonio, Nicole, and Michael. We are here and our door is always open for anything you need. It is sad to think of her not being here physically for all the future milestones but I know she will be there in spirit with tears of joy and that huge smile for all of them. I am so thankful for the gospel and plan of salvation during these heartbreaking losses but find comfort in knowing that we will be with our loved ones again. God speed my dear friend until we meet again.

Antonio, I am shocked to hear of the passing of your beautiful wife. I will never forget the hospitality you both extended to us during our visit to St. George. Her friendship continued long after that as we stayed in touch. I know she will be greatly missed. My sincerest condolences to you and your children as you navigate through the next

weeks and months. I am grateful for the gospel we share and to know that Families can be Together Forever. Sincerely, Maria Locascio

I would like to extend my deepest condolences to the grieving family. I had the honor of knowing and working with Cindy for well over 10 years. We were representatives together, and later she was on my team when I became a manager. Cindy was phenomenal to work with and she played a huge role in the success of our team. She was also individually a consistent top performer. From her huge smile and infectious laugh, to her unwavering determination to strive for excellence in every aspect of her job. I will always cherish the conversations we had while riding in the car going to visit her customers. I will remember all the conferences we worked together, and the unwavering passion and determination she had for her job. She loved her family fiercely, including little Buttercup. Cindy will be missed and she will always be remembered.
