I am so sorry. Such a shock! I hope you can all find some comfort and peace. She was surely greeted by her Mom, Dad, and is happy to be out of her earthly struggles. We have and will be praying for all of you.

The knowledge of a great reunion with her parents and other family members brings me joy at this sad time of her passing. I consider Cynthia a great friend even though it has been years since we have connected. Growing up with her was a blessing for me.

It was an honor to know Cynthia. I'm grateful God brought her into my life for a short span when we lived nearby. My prayers are with her family and her most beloved children and grandchildren.

Alex, Mothers can never be replaced and you would not want one to try to fill that heavenly of you mother in your soul forever. She has always seemed the perfect mother to others. And other children she will always be perfect. My first impression of your mother was that of how young and beautiful she looks. In the next few weeks and even months when you think of some funny or beautiful happening with you and your family. WRITE IT DOWN IN JOURNAL FORM . And when your kids grow up you will have some choice recollections of your loving Mother. Keeping her memory alive seems to fall on the older members of the family. This granny loves you and your sweet family and we will ALL love each other and be together forever.

Cynthia you were one of the few truly wonderful people in this world and now heaven is a better place to be. You were such a great friend to me and so glad your physical pains are finished and you are surrounded by family and friends and I can't wait to see you there myself and give you a hug.

What a beautiful tribute you all gave to your mother today. She influenced so many of the young women when she was YW President. I was fortunate to work with her for girls camp and I depended on her because of the relationship she had with the girls that I did not have. You are lucky to call her mom and grandma. Many special gifts she left in your hearts. Beautiful person that she was. Denise Jones

I was privileged to be the pediatrician for the Knight family and have great memories of Cynthia and her children. She was such a fun Mom who was dedicated to her children. I loved to see them and interact with all of them. Kids, you have had a great mother who always had your interest in mind. I'm very sad to see that she has passed. I was very lucky to have been able to share time, advice, and friendship with such a great lady. My best wishes go out to

her children and the grandchildren that I never met. God bless you all. Dr. Fox, Bryner Clinic.
