

Val Dean Hickman

October 3, 1932 ~ June 24, 2022

Dear Val, the day you planned to go through the temple, you ask me if I would be there and I did.. That was an exciting day for you as well as myself as I have not been through temple for quite sometime.. You also told me that you were ready to go and be with your beautiful wife on the other side, you did your endowments and be sealed to your wife Pauline in one week.. I know you were tired and you knew your were going to leave soon. We talked about that and I also told you, that I should not be sad the day you would leave us and you said “no I should not be sad and you thanked me for being there” Now that u are gone, I’m sad, but in a good way, I know this is what u wanted.. Val I will miss u and u will always have a special place in my heart! Till we meet again, you told me you would watch over me and I believe that.. My condolences to your children, especially Jim and Jay, much love to all of you, your dad was very special ♥■■■■
