

Van Richard Johnson

September 18, 1944 ~ June 2, 2023

We send our condolences to the family of Van Johnson. We knew him as "President Johnson," having had the pleasure and honor of serving with him and some of you in the Connecticut Hartford Mission. He was a man of strong faith, capacity and love. Although you will miss him deeply, knowledge of the principles of the Gospel of Jesus Christ portend a happy reunion. Love and blessings to all.

- Doug and Virginia Buck

Van was my companion in Bergen, Norway during the summer of 1964. That was my favorite time during the 30 months I was in Norway, and not only because we possessed the only mission vehicle in Western Norway at the time (the "Blue Pig"). Van made those months enjoyable and memorable with his fun and supportive personality. I was not surprised when he went on to accomplish great things in the business world. My condolences to his children and grandchildren who, I know, will miss him greatly.

- Morris Thurston

President Johnson was my mission president while I was serving in the Connecticut Hartford Mission. His influence and kindness extended far after my missionary service. Just 6 months ago he reached out to me and I am forever grateful he did. That hour long conversation meant the world to me. God bless you President and Sister Johnson!

- Tanner Barratt

We love you President Johnson!
