Such a sweet sweet Daughter if our Heavenly Father .. she was my back door neighbor when she lived in her home in Salt Lake. She moved into the Assisted Living and I missed seeing her. I then moved last year but I thought of her often. She is back with Ray and her Family and watching over all of us. Loved her so much

So very sorry to hear about your dear mom. She meant so many to me. I feel like I've lost another big sister. My heart is broken. Love to all of you.

Love you grandma! I will always cherish our time together, visiting or just talking on the phone. I know this is what you've wanted for so long. I'm sure you had an amazing reunion with my mom and grandpa! Miss you so much!

Heaven has another sweet and beautiful angel. Virginia has been my friend for many years. She has always been so kind and caring to everyone. I have always admired her beautiful ceramic work and other craft items. Until we meet again my friend I love you.

She will be dearly missed! I’m so glad my children got to know her I loved that she had her great grandchildren call her Grandma Great. We always had fun at her snowman parties. Thinking of you all.

I was so fortunate to be neighbors with dear Virginia for many years. She was such a delightful neighbor, and always so interested to hear about my garden, or how my dogs were doing. I always appreciated her peaceful attitude, and wide acceptance for everyone in our little community on Sherman Ave. Virginia was just the sweetest person, and I am so grateful that I knew her.
