

Dale Gedge Johnson, M.D.

September 27, 1930 ~ March 31, 2024

Sending condolences to the family. I only know Dr Johnson because he saved my brother's life. 50 plus years ago cancer was not cured. He never gave up on my brother and he is still with us today. Thank you for sharing your husband, father, and grandfather with our family. He is often thought of and has been a blessing to everyone that know of what he did for us.

- Kim Allen

I am so sorry for the loss of your husband, father, and grandfather. As his former patient, I will forever be grateful for him and his immeasurable impact on my life.

- Lauren Winder Farnsworth

Dr. Johnson made me call him Dale during our very special talks at APSA. His encouragement and guidance meant so much and he will forever be in my heart. As I take the Presidency of APSA this May I will always try to follow his best example and contributions.

- Tom Tracy

I'm very sorry to hear of Dale's passing. He was an incredible technical surgeon/innovator and selflessly passed his knowledge to his trainees, of which I count myself fortunate. His voice and lessons live on in my mind and have helped shape me as a mentor and pediatric surgeon. Thank you, Dale. Deepest condolences to family, surgical family, friends and patients.

- Margo Hendrickson

Dr Johnson performed three life saving surgeries on one of our tiny twins weighing 3 1/2 pounds nearly 50 years ago. Dr Johnson was always so kind and good to us as we were scared and young parents. I've always wanted to

thank Dr Johnson’s beautiful wife. One evening our tiny Parker needed to undergo another emergency surgery. Dr Johnson was ready to take his sweetheart to a big dinner event but the other surgeons were not available to do perform surgery on our tiny baby. Through the years I’ve wondered how many dinners and parties Sister Johnson had to miss, because Dr Johnson was saving a tiny baby’s life. I’ve always wished I could thank you, Sister Johnson, for sharing your dear husband with us and so many others. One time when Parker was five years old, we ran into Dr Johnson and we went up to him to thank him for saving our son’s life. He remembered Parker, what surgeries he had performed on him and was so happy to hear he was doing so well. Our family has always loved Dr Johnson and hold him in the highest esteem and regard. He truly was the greatest of men and our love and prayers are with your family.

- Robert & Jayne Burrup

My blessing & condolences to your family ■ What a wonderful Man of honor! Our family was blessed 33 years ago by a lifesaving surgery Dr. Johnson performed on my son. We have the utmost respect & gratitude for him! He will always hold a special place in our hearts ■
