

## Dale O Zabriskie

*April 27, 1935 ~ March 14, 2026*

---

Dale came into my life through broadcasting many years ago. He was so good to be. He was an incredible broadcaster, father, husband, and friend.

Dale, (and family) were some of the nicest, kindness and worldly aware people I've ever known. We enjoyed our time together with love and respect for life with broadcasters from all over the country mostly during State Leadership Conferences across the country.
