

Dale O Zabriskie

April 27, 1935 ~ March 14, 2026

Dale came into my life through broadcasting many years ago. He was so good to be. He was an incredible broadcaster, father, husband, and friend.

Dale, (and family) were some of the nicest, kindness and worldly aware people I've ever known. We enjoyed our time together with love and respect for life with broadcasters from all over the country mostly during State Leadership Conferences across the country. Dale Zabriskie. Even though I haven't been in touch for forever, he's one of my favorite people of all time. He was a great mentor and meant so much to my early career. Rest in peace, Dale!

Brenda and I were having breakfast by Liberty Park and thought of you guys and found Bishop Zabriskie's obituary. So sorry we weren't able to be there but wanted you to know of our love and gratitude for all you guys have meant for us and bring our goal in life.

Dale was a great boss and taught me much during my early career. After a housefire, he helped out our family when it was in need, while he was working for UP&L. Great guy...funny...fair, a real pro. Godspeed, Zeke.
