Diane I know you will miss Dale so very much, but I know you have many wonderful memories, both of you loved the many mountain trips. I loved Dale for the kind wonderful man he was.. Now he has been welcomed "home " by his family.

Dale and I were the same age (69). I remember as cousins having fun on occasional family trips, grr we y together at either your Mom and Dad's house or our house in Mt. Pleasant. As we got older, I didn't get to see you, but was fortunate to be able to visit with you a few months ago. I got a warm hug from you. I think it's cool that you are a cousin to us Porters from both your mom Carol (my mom's 1st cousin) and your dad (my dad's 2nd cousin). Please say hi to my parents and my daughter Hayley on the other side. We will miss you. Wish I had had more time to spend with you. With love, Helen P. Howell
