

Wanda Lou James Bolerjack

March 26, 1933 ~ June 16, 2023

Wanda's excitement for life was contagious. From the day she walked into the Sandy Chamber, you knew she was going to make things happen! She cared so much for people and her passion was very motivating. From wrangling the ambassadors to building a program for women's health, she was bound to make these programs move forward. She was and is, a dear friend and mentor, and I will miss our phone calls and lunch dates over sweet potato fries and coca cola. God bless you my friend, Love, Jevine

Wanda we will Miss You dearly. Such a Beautiful woman both inside & out. We knew if we ever needed someone to talk to we could always find you on your patio in your chair with a welcoming smile and amazing life stories to share (weather permitting). Our deepest sympathy to your wonderful husband Don and your family. With Love Janet & Mike

From the moment I met Wanda I fell in love with her. She had such an electric personality which just drew people to her. I loved working with her on the Sandy Chamber Gold Tournament benefiting the mammogram program. She was so giving of her time and resources providing clothing to single women in need and never missed an opportunity to make a difference in another persons life. She just lit up when talking about her boys and Sharon and her grandkids. I will miss you dear friend. Thank you for making my life better by knowing you

My heart is so sad at hearing of the passing of Wanda. She was such a delight and even when she started to have additional pain and struggles she always remained positive and enthusiastic. I so loved interacting with her and all of her family and am a better person having known her. Heartfelt condolences to her family.

Wanda was such a firecracker of energy! I loved being around her and her attitude of getting after it in everything she did. She was always so proud of her family and especially grandkids and all they they were doing, their success was truly her success. She was amazing person and I am very blessed to have gotten to know her and learn from her spirit about life! We truly love you Wanda and I know I will see you again.
